## **BUDGET MESSAGE**

### CITY OF WINTER GARDEN

OFFICE OF THE CITY MANAGER

300 W. PLANT STREET
WINTER GARDEN, FL 34787
TEL: (407) 656-4111 • FAX (407) 656-1073

September 3, 2010

To the Honorable Mayor, Members of the City Commission, and the Citizens of the City of Winter Garden, Florida:

In accordance with Article III of the City Charter, I am pleased to present for your consideration the recommended budget for fiscal year 2010/2011. This document sets the recommended expenditures/expenses for operations and for capital improvements for the upcoming fiscal year.

This Annual Budget Document has been prepared in a format similar to that used last year. Actual expenditures for the past fiscal year, along with the original and amended budget for the current fiscal year, and a proposed budget for the upcoming fiscal year are listed for each department and division of the City. The amended budget column reflects all budget amendments approved by the City Manager or the City Commission through the middle of July. The 2010/11 budget column includes recommendations for the upcoming fiscal year. These recommendations reflect expenditures proposed by the various City departments as modified by the City Manager. Detailed information on proposed capital expenditures is illustrated in both the Capital Outlay and the Five-Year Capital Improvement Plan sections of this document.

#### **BUDGET HIGHLIGHTS**

GENERAL FUND: Projected Revenues for Fiscal Year 2010/11, after eliminating budgeted use of fund balance, property sales, grants and other unusual items increased 1.0% from FY 2009/10. As a result of this increase, the City will put \$267,904 into unreserved fund balance to balance the budget, which will bring the projected unreserved fund balance to \$3,720,535 at the end of fiscal year 2011. This will bring fund balance to 16% of expenditures, which is below the historical target minimum of 30%.

Ad Valorem taxes, which comprise 34.5% of the budget, are projected to decrease 3.8% as a result of decreased property values in conjunction with an increase of the millage rate from 3.7500 to 4.2500. The April 1, 2009 population estimate provided to us by the University of Florida, Bureau of Economics and Business Research, was 31,492, a population growth of 1.6% over the prior year. Local Government ½ Cent Sales Tax and State Revenue Sharing revenues

represent 18.9% of the budget, with the ½ Cent Sales Tax Revenue projected to increase 10.7% and Shared Revenues projected to increase 22.0%.

Utility Franchise Fees and Taxes have been budgeted at a 0.6% increase over last year. These revenues comprise 22.3% of the budget. The Communications Service Tax, 5.8% of the budget, is projected to increase 0.4%.

On the personnel side, the budget includes a 2.0% combination cost-of-living and merit increase for all employees, with merit increases examined on a case by case basis.

Health insurance costs are budgeted for a 0% increase. The City will continue to pay 50% of the cost for dependent coverage. Approximately 44% of our employees have some type of dependent coverage. The City will continue to pay 100% of the health insurance premium for employee only coverage. In addition to health, the City provides basic life and long-term disability coverage at no cost to the employee.

The City continues to participate in the pooled self-insured program administered by Public Risk Management. Premiums for worker's compensation, property, and general liability insurance are budgeted to increase 5.0% this year.

The City's Pension Plan costs decreased 14.3% this year. This decrease is the result of a combination of closed positions and 2% additional employee contributions to offset employer contributions. On a percent of pay basis, the City's contribution rates will decrease from 22.61% to 20.69% for the General Employee Plan and decrease from 25.21% to 22.84% for the Fire and Police Plan. If investment returns improve, contribution rates should decrease further in future years.

Conservative fiscal management and continued efforts to control operational costs will serve the City well as we continue in these economically uncertain times. We continue to maintain and improve infrastructure, provide our employees with one of the best benefit packages in the State, and still manage to maintain our solid financial condition. With the current economic climate, we anticipate revenues to remain depressed for the next few years. Therefore, operating expenditures and capital projects will be affected. We anticipate working with a Financial Advisor in the future and developing a plan to fund Capital Projects through the issuance of debt. As we move forward, we need to become more efficient and carefully examine existing activities and any new activities, eliminating those that do not add value and adding those that do.

Following are specific departmental highlights:

<u>Legislative</u>: The Legislative budget will increase 35.5% for fiscal year 2010/11. This increase is primarily due to 1) no election fees budgeted in the prior year (\$30,000) and 2) increased participation in the City's Senior Citizen Utility Assistance Program (\$15,000).

<u>Executive</u>: The Executive budget will decrease 33.5% for fiscal year 2010/11 excluding transfers to fund balance. This decrease is primarily due to a nonrecurring appropriation in the prior year budget of \$511,000 for the City's obligation for the new Magic Gym.

<u>Economic Development</u>: The Economic Development budget will decrease 25.6% for fiscal year 2010/11. This decrease is primarily due to the shifting of responsibility and costs for the City Newsletter and News You Can Use publications to the Executive Budget.

<u>City Clerk</u>: The City Clerk budget will decrease 23.4% for fiscal year 2010/11. This decrease is primarily due to a nonrecurring appropriation in the prior year budget of \$80,215 for the scanning of City-wide document back files to provide for electronic storage.

<u>Finance</u>: The Finance budget will increase by 0.2% for fiscal year 2010/11.

<u>Information Systems</u>: The Information Systems budget will decrease 1.9% for fiscal year 2010/11. The City will continue to maintain and improve its information systems infrastructure.

<u>Community Development</u>: The Community Development Department budget will decrease 9.6% over the prior year excluding transfers to fund balance. This is primarily due to the elimination of a Planner II position and the reclassification of a Business Tax Clerk Position to a part-time Customer Service Representative position.

<u>Police</u>: The Police Department budget will decrease 6.2% this year.

<u>Fire</u>: The Fire Department budget decreases 5.5% over last year. This is primarily due to the elimination of a Fire Marshall position.

<u>Public Services</u>: The Public Services budget will decrease 29.0% from the prior year. This decrease is primarily due to a non-recurring appropriation in the prior year budget for a street improvement project in the amount of \$311,997.

<u>Human Resources</u>: The Human Resources budget will increase 9.8% for fiscal year 2010/11. This increase is primarily due to the shifting of costs for building maintenance from the various departments to the Building Maintenance Division of Human Resources.

<u>Recreation</u>: The Recreation General Fund budget decreases 13.7% this year. This decrease is primarily due to non-recurring appropriations in the prior year budget for a new recreation center (\$1,112,213) and for the Farmer's Market Park and Fountain (\$500,000) and offset by an appropriation in the current year budget for the Farmer's Market Park and Fountain (\$1,200,000). Removing these items, the Recreation budget decreases by 5.5%.

CEMETERY PERPETUAL CARE FUND: The proposed budget includes a transfer of remaining funds back to the General Fund.

IMPACT FEE FUND: There are two projects slated for the fiscal 2010/11 budget year. The Public Services Department will fund upgraded streetlights and underground power lines along State Road 50 (\$255,000) and Plant Street (\$300,000).

UTILITY FUND: The Utility Department operating budget will decrease 24.0% from the prior year. This decrease is primarily due to the nonrecurring funding of Renewal and Replacement projects in the prior year of \$4,339,797, the bulk of which was for State Road 50 Utility line relocations, offset by current year Renewal and Replacement funding of \$2,141,345 which is primarily for Water Main Upgrades and additional State Road 50 utility line relocation costs.

STORMWATER FUND: The Stormwater Fund budget decreases 41.7% from the prior year. This is primarily due to a reduction in the capital budget of \$519,011 from the prior year.

SOLID WASTE FUND: This year's budget decreases 0.9% from the prior year.

TRAILER CITY FUND: Trailer City's budget will decrease 11.7% over the prior year. This is primarily due to a reduction in the capital budget of \$28,910 from the prior year.

In conclusion, the City is in sound financial condition. We continue to maintain a low debt burden and a responsible level of fund balances. This budget serves the citizens of the community well by providing the funds necessary to maintain and improve the City's infrastructure, ensure qualified and responsive fire and police protection, and provide those amenities that define our community.

Respectfully submitted,

Michael L. Bollhoefer

City Manager

## **BUDGET POLICY**

#### **Powers and Responsibilities of the City Commission**

#### <u>Powers</u>

Except as otherwise provided in the Charter, all powers of the City, and the determination of all matters of policy are vested in the City Commission.

Without limitation of the foregoing, the City Commission has the power to:

- (1) Be the judge of the election and qualification of its own members;
- (2) Authorize the issuance of bonds; revenue certificates, and other evidence of indebtedness:
- (3) Adopt and modify the official map of the city;
- (4) Provide for an independent audit;
- (5) Pass ordinances and laws for the preservation of the public peace and order, and impose penalties for the violation thereof; provided that the maximum penalty to be imposed shall be a fine of not more than five hundred dollars (\$500.00) or imprisonment for a period of time not longer than sixty (60) days;
- (6) Deal with any property of the city, both real or personal, or mixed in any manner the Commission may see fit to do in accordance with the general powers of the City;
- (7) Provide rules and regulations for all purchases and sales made for and on behalf of the City;
- (8) Appoint, remove, and fix the compensation of the City Manager, City Attorney, City Auditor, City Clerk, and a Certified Public Accountant to perform the annual audit;
- (9) Appoint advisory boards to serve without compensation;
- (10) Establish by ordinance, the conditions upon which subdivisions and other areas may be annexed by the City;
- (11) Exercise any right of authority given or permitted by the Constitution and the laws of the State of Florida to city commissions consistent with or in addition to the provisions of the revised Charter;

(12) By order of the City Commission, those officers listed in paragraph (8) above who are indicted for a felony will be suspended from office, without pay, until acquitted and the office filled by appointment for the period of suspension. By order of the City Manager, any other municipal officer or employee indicted for a felony will be suspended from office, without pay, until acquitted and the office filled as hereinbefore provided for the period of suspension.

#### Responsibilities

- (1) To be responsive to and represent the wishes of the citizens;
- (2) To establish goals and priorities through approval of objectives, plans, and budgets;
- (3) To consider, evaluate and establish laws, policies, regulations and procedures.

#### The Role of the Staff to the City Commission

- (1) To implement the goals of the City Commission;
- (2) To suggest objectives, plans, and budgets for approval by the City Commission consistent with approved goals;
- (3) To implement City Commission approved objectives, plans and budgets;
- (4) To provide the City Commission with adequate, competent information and professional recommendations upon which the Commission may rely in making decisions and to refrain from criticism of those decisions once made;
- (5) To manage the day-to-day affairs of City government;
- (6) To suggest to the Commission new laws, regulations, and policies or modifications to existing ones.

#### **Fiscal Policy Statement**

The City has an important responsibility to its citizens to correctly account for public funds, to manage municipal finances wisely, and to plan for adequate funding of services desired by the public. With the change in federal policies toward local government and the rate of growth in our area, the City needs to ensure that it is capable of adequately funding and providing local government services needed by the community.

Sound fiscal policies that are realistic and consistent provide useful guidance for the long-term programming of services and facilities. They also provide a set of assumptions under which budget and tax decisions should be made. While established for the best management of governmental resources, generally accepted fiscal policy also helps set the parameters for government's role in the broader economy of the community.

#### **Financial Structure**

To provide proper accountability for the different kinds of resources, "funds" are established. Each fund is isolated with its own resources, liabilities and residual balance. Funds with similar objectives, activities and legal restrictions are, for reporting purposes, placed in one of three groups:

Governmental Funds: Governmental Funds account for general governmental activities, such as law enforcement, which are largely supported by taxes and fees. They are accounted for on a "spending" or financial flow basis.

Governmental Funds include the following five fund types:

- a. The General Fund accounts for all resources not reported in other funds. Most citywide activities are accounted for in this fund.
- b. Permanent Funds account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs (i.e., for the benefit of the government or its citizenry).
- c. Special Revenue Funds account for resources received from special sources, dedicated or restricted to specific uses.
- d. Debt Service Funds account for the accumulation of resources for, and the payment of, interest, principal and other costs of long-term debt.

e. Capital Project Funds account for the accumulation and use of resources for the acquisition of major buildings and other capital facilities where a specific project is designated or required.

<u>Proprietary Funds</u>: Proprietary Funds account for those activities which are provided on a basis consistent with private enterprise. They are accounted for on a cost of service or "capital maintenance" basis.

Proprietary Funds include the following fund type:

Enterprise Funds account for activities, such as water and wastewater services, which are similar to those provided by private enterprise and whose costs are substantially or totally recovered from user charges or from revenue sources other than general governmental revenue.

<u>Fiduciary Funds</u>: Fiduciary Funds account for assets belonging to others which are under City control for administration, but are not available to support the City's own programs.

Fiduciary Funds include the following fund type:

Pension Trust Funds account for resources required to be held in trust for the members and beneficiaries of defined benefit pension plans.

#### **Budget Process**

The City's budget process is conducted within the framework of the Finance Department's fiscal policies, financial forecasts and financial trends. The budget documents serve four fundamental purposes:

#### Policy Document:

The budget documents contain information that allows the City Commission an opportunity to review policies and goals that address long-term concerns and issues of the City and evaluate City services.

#### **Operations Guide:**

The budget describes activities, services and functions carried out through departmental goals and objectives and continuation of performance indicators. The document includes departmental business plans and organizational layouts for the City.

#### Financial Plan:

The budget presents the City's fiscal resources through a process of needs analysis, service delivery priorities and contingency planning. The document includes the current and long-term debt obligations, and a 5-Year Capital Improvement Plan.

#### Communications Device:

The budget seeks to communicate summary information, including an overview of significant budgetary issues and trends, to aid the reader in interpreting the documents. It describes the process for preparing, reviewing and adopting the budget for the fiscal year. The document has been drafted with the goal of providing information that will be valuable and understandable to the average reader.

#### **Budget Preparation**

In May the Finance Department developed a fiscal model to project revenues and expenditures for the next fiscal year. This model provides the City with a clear vision of the level of financial control needed to develop upcoming fiscal year budgets. Based on the model's results, target expense levels for FY 2010/11 were provided to operating divisions. Those divisions were challenged to maximize services while maintaining a budget within the City's fiscal capacity.

During the FY 2010/11 budget cycle, the Finance Department made available to each department a budget manual and access to the financial accounting software so that each department's budget could be entered into the system to compare to last fiscal year actual and current fiscal year-to-date projected figures. This provided a helpful tool to the departments to determine a realistic budget.

Another effort to streamline the budget process included developing and presenting capital improvement budgets simultaneously with operating budgets. This provided a clear picture of the impact of capital improvements on operating budgets. It also allowed divisions to concentrate on putting a realistic business plan together for the upcoming fiscal year.

Expenditure levels to be recommended to the City Commission are determined in department meetings with the City Manager. These meetings provide each department director with the opportunity to discuss his or her budget and the programs it provides. A Commission workshop in August provides a forum for finalizing spending plans, the proposed millage rate, and policy issues. Copies of the proposed budget are distributed to department directors and made available for inspection by the general public prior to the final budget hearings in September.

Following Commission approval of the final spending plan, Finance Department staff will prepare the approved budget for distribution to departments and other interested parties. The budget for the upcoming year becomes effective October

1st and the spending plan, as authorized by the Commission, will be implemented throughout the fiscal year.

#### **Budgetary Basis**

The City adopts budgets for all Governmental Funds and Fiduciary Funds on a modified accrual basis. The budgets for Proprietary Funds are adopted on an accrual basis. However, depreciation expense is not budgeted, whereas expenditures for capital outlays are budgeted. These outlays are capitalized into fixed assets and eliminated from the results of operations on a Generally Accepted Accounting Principles (GAAP) basis.

Fund balance allocations (residual unappropriated liquid assets resulting from prior years' operations) are budgeted and included as revenue or expenditure/expense on a budgetary basis but are eliminated on a GAAP basis for financial reporting.

#### **Budget Adoption and Modification**

The City Commission annually adopts, by ordinance, a balanced budget for all funds of the City, whereby budgeted revenues equal budgeted appropriations within each fund. Budgetary authority is legally maintained at the fund level. Amendments to the adopted budget can occur at any time during the fiscal year through action of the City Commission or the City Manager in the following manner:

- 1. Budget Amendments: Fund revenue and expenditure amounts may be increased or decreased by formal action of the City Commission following proper public notice as specified in Chapter 129.03(a) of the Florida Statutes. Amendments to adopted budgets normally result from either: (a) the desire to recognize an unanticipated excess amount of an anticipated revenue; or (b) the unanticipated decrease of an anticipated revenue. The purpose of the amendment process is to adjust fund amounts to reflect the level of revenues reasonably anticipated to be received and to balance expenditures to these revenues in accordance with state law and sound fiscal practices.
- 2. Budget Transfers: Operating unit budgets may be amended by formal transfer action. Budget transfers, which are intrafund in nature, may be approved by the City Manager. A record of such intrafund transfers is maintained by the Finance Department. Budget transfers, which are interfund or involve fund reserve distributions, must be reviewed and formally approved by the City Commission prior to execution.

Additions to approved positions during the budget year require City Commission review and approval. As previously delegated by the City Commission, personnel reclassifications may be approved by the City Manager.

During the fiscal year, the Finance Department coordinates an interim budget review process. All departments review revenue and expenditures to-date. A budget amendment is prepared for the City Commission to formally adopt any mid-year amendments. The formal interim budget adjustment has proven to be an effective process for the City in ensuring needs are being continually met and the operational and capital improvement plans are adequate.

#### **Capital Budgeting**

The City maintains a Capital Improvement Program (CIP), which covers a fiveyear period and is updated annually. The Finance Department determines the amount of funds available for capital projects. Proposed projects are prioritized and the available funds are allocated accordingly. The Capital Improvement Projects detail is included in the 5-Year Capital Improvement Plan section of this book, but the funding for these projects is included in the budget in each appropriate division.

#### FY 2010/11 Budget Assumptions

Based on available economic data and the City Manager's priorities, the Fiscal Year 2010/11 Revenue and Expenditure/Expense budgets were prepared using the following:

#### Revenues:

- Ad valorem revenues were budgeted at 96%.
- The proposed citywide millage rate was increased from \$3.8546 mills to the rate of \$4.2500 mills.
- Interest income projections reflect maintenance of current interest rates.
- The budget for certain revenues funded by the State, including the local government half-cent sales tax, was prepared based on estimates provided by the Florida Legislative Committee on Intergovernmental Relations. These revenues may be revised during FY 2010-11 based on updated projections or economic changes. The City has adjusted the State's projected revenues due to the economic conditions we are currently facing. Therefore, balancing a budget with less than State projected revenues to limit the impact of an adjustment in the first or second guarter of the new fiscal year to the city.

#### Expenditures/Expenses:

Personal Services: Budgeted figures for salaries include a 2% cost-of-living/merit increase for all employees.

- Operating Expenditures/Expenses: Departments were requested to submit a reduced budget after adjustments for salaries and capital expenditures in an effort to operate within revenues estimated to increase marginally.
- Capital Outlay: Departments were requested to provide thorough justifications for all capital equipment needs. Special attention was given to heavy equipment by looking at creative alternatives such as leasing, contract services, and equipment sharing.
- Capital Improvements: Projects were budgeted according to prioritized needs and funds availability. The detailed listing of projects by fund is located in the 5-Year Capital Improvement Plan.
- Reserves: Efforts have been made to maintain reserves at a healthy level while continuing to provide excellent services to the citizens.

#### **Analyzing Services and Planning a Strategy**

In an effort to shape the current and future goals of the City, Winter Garden began a strategic planning process last year. Strategic planning is one step in a seven step series that utilizes citizen based performance and a budget management program. This leads to the formation of a vision and guidance for the City which, in turn, shapes the goals and objectives of each department operation. The citizen based performance and budget management program involves the following seven steps:

: : Citizen input – survey, HOA coalition, plus more

:: Strategic Planning – compile and analyze data

:: Program/Activity planning

: : Budget for results

: : Manage for results

: : Measure and evaluate results

:: Report results

The strategic plan is explained, and the departmental business plans for the upcoming year are featured, in the next section of this budget book.

#### **Fund Balance**

Section 166.241 of Florida Statutes requires budgets to be balanced, meaning total revenues must equal total estimated expenditures for each fund. Therefore, if anticipated revenues equal estimated expenditures, it can be assumed that the beginning fund balance will be maintained. Fund balance may be used as a source of revenue if there is an imbalance between revenues and expenditures. Since reserves are created over time, drawing down on reserves should be done in measured amounts and for specific purposes. Structural imbalances (revenue insufficient to support ongoing expenditure requirements) cannot be sustained through the use of reserves and must be appropriately addressed.

A major indicator of the City's fiscal health is the reserve balance maintained in the General Fund. The Government Finance Officers Association (GFOA) recommends maintaining an unreserved fund balance in the General Fund of no less than five to fifteen percent of regular operating revenues, or of no less than one to two months of regular operating expenditures, for all general-purpose governments, regardless of size. The City's historic target has been 30 percent of expenditures.

The following table contains a list of major governmental City funds and nonmajor governmental funds in the aggregate that have a fund balance, the expected draw on or addition to fund balance in the current year, and the use of or addition to fund balance in the proposed budget. The amount shown as "Expected Change FY2009/2010" is the budgeted use of fund balance since this fiscal year is still underway at the time of publication. There is no expectation that final year-end results will necessitate a draw greater than the amount in the schedule and it is quite possible, in some instances, that the required draw will be less than what is shown. Following the table is a detailed discussion for fund balances presented that are expected to change more than 10%.

#### **Fund Balance Status**

#### Changes in Fund Balance Greater than 10%

#### **Community Redevelopment Agency Fund**

The Community Redevelopment Agency receives tax increment revenues from the City and County which must be used to revitalize the Community Redevelopment Area. The Community Redevelopment Agency Fund is used to account for the collection of these tax increment revenues and the allocation of those fees to these revitalization efforts. Fund (deficit) will be reduced in FY 2010/2011 due to a reduction in planned projects from the prior year in an effort to eventually bring this Fund to a positive fund balance.

#### **Impact Fee Fund**

The City assesses impact fees on new development for police, fire, recreation, and transportation. The Impact Fee Fund is used to account for the collection of impact fees and the allocation of those fees to capital projects. Since funds are collected at the time a building permit is issued, the City has impact fee revenue that it holds pending the construction of capacity-related projects. The projected addition to fund balance for FY 2010/2011 is due primarily to a budgeted debt issuance revenue in the amount of \$13,189,807. These funds will be spent in subsequent fiscal years for a major transportation project that will increase road capacity on County Road 545.

#### **Nonmajor Governmental Funds**

Fund balance of Nonmajor Governmental Funds will be utilized in FY 2010/2011. This is primarily due to nonrecurring projects funded in the Local Option Gas Tax Fund.

## STRATEGIC PLAN

#### .....A Message From the Mayor

Greetings Winter Garden,

You have spoken and we are listening...

On behalf of the City's Commission and staff, it gives me great pleasure to present Winter Garden's multi-year Strategic Plan which will go into effect on October 1, 2010. The directional statements and strategic goals that are thoughtfully set forth in this plan are directly inspired by your expressed opinions conveying how you expect to be served and what the ideal Winter Garden will look like in the not too distant future. Your valuable feedback and participation in this endeavor are deeply appreciated and will now become the foundation towards preserving the best for our charming City.

As citizens serving citizens beholding your trust and confidence, we take the privilege to serve you as a very serious and responsible undertaking. It is in this same spirit that we now take the leap by carefully realigning what we do every day in a manner that best delivers an unmatched service experience in all possible categories. Therefore, we ask that you continue to support our City with your patience as this endeavor will be more of a journey than a mere stroll towards converting our vision into a reality.

We thank you again and strongly encourage that you continue to voice your perspectives throughout this deliberate process as we stand ready to carefully listen and thoughtfully respond.

Warmest Regards,	

John Rees

Winter Garden Community,

Our mission is "to be the best small City in the State of Florida providing unmatched services while preserving our rich charm and character." To understand what level of services would meet this goal, we embarked on a six-month strategic planning process, which ultimately produced a foundational direction for the City to drive towards. The process involved a city-wide scientific random survey representative of the population, focus groups with residents from each of the four districts, a town hall meeting, telephone interviews with business leaders and elected officials, and a public strategic planning session. The plan is now being used by City staff to align and execute our business plan which identifies department goals, tactical objectives and performance indicators by which to measure ongoing success.

While determining how best to move forward, we uncovered that we did not have a clearly documented mission, vision, or guiding principles from which the City Commission could develop strategic priorities to focus the daily efforts of all City employees. In this strategic plan you will find the results of your survey feedback firmly integrated throughout each department's priorities. We made it a point to reflect your views in how we focus our energies and best serve you.

The information gathered from residents, business leaders, and elected officials demonstrated that the community already regards the City as above national average for most categories. This reflects significant progress over the past 12 years; however, to fulfill our mission, we cannot settle for simply being "good" at what we do; we must strive to be "great," by scoring higher than national average in all categories. This will not be done overnight, but success is not found in the destination, it is found in the journey. We look forward to putting this strategic plan into action and starting our journey to greatness.

Mike Bollhoefer

#### FY 2010-2011 GOALS AND OBJECTIVES

#### Goal #1

**Preserve the Natural Environment** 

#### **Department Goal**

More environmentally friendly city focused on reducing septic discharge and ground water withdrawals

#### **Objectives**

Objective 1: Reduce volume of pollution from septic tanks to Lake Apopka by developing a long range plan for reducing the number of septic tanks within the City's service area by 16% from 618 septic tanks (148,320 gallon per day) to 518 septic tanks (124,320 gallons per day) by September 2015.

• Objective 2: Create water reduction project plan to reduce the volume of ground water withdrawals by **18%** from **2,229** to **1,819** annually by September 2011.

# **Performance Indicators**

Number of Septic Tanks – Count of septic tanks used by households within the City's service area

Volume of Septic Tank Waste – Number in gallons of septic water flowing from residential septic tanks in the City

Volume of Ground Water Withdrawals – Number of million gallons of water being pumped out of the aquifer by the City

#### Goal #2

**Provide Sound Fiscal Management** 

#### **Department Goal**

City capital improvements provided at a low cost.

# **Objective**

 Objective 1: Develop and execute a plan to acquire external funding through grants, federal appropriations and other sources to facilitate infrastructure improvements throughout the City by achieving a capital improvements external funding ratio of xx% or \$xx by September 2012.

#### **Performance Indicators**

Capital Improvements External Funding Ratio – Percentage of external funding received for capital improvements compared to total capital cost required

### **General Information**

The City of Winter Garden, Florida was formed by Charter on November 10, 1903 and is located in Orange County, Florida. As with most communities founded in the early 1900's of rural Florida, Winter Garden's economy relied heavily on agriculture. A year-round growing season and fertile soil enabled the production of fruits and vegetables; rail provided direct transportation routes to northern markets; and local orange groves were Florida's gold.

In the late 1960's, Central Florida's economy changed. A new mouse was on the block and tourism quickly became the new gold. Winter Garden's proximity to Orlando and the Walt Disney properties made it an ideal spot for growth.

Today, Winter Garden is referred to as a modern-day Mayberry USA by residents, and as a Florida destination, only without pretense. The City has a commission/manager form of government with a Mayor and four Commissioners elected as the governing body. The City provides the following services to its citizens: public safety, public works, cultural, recreation, community development, water, wastewater, stormwater and solid waste services. The Commission embarked upon an aggressive strategy, in recent years, making Winter Garden an ideal place to grow families as well as businesses.

The City's short term goal is to be the best little city in the state of Florida. Its long term goal is to be the best little City in the United States.

### **Economic Development**

### Overview

Economic Development, by definition, refers to increases in the standard of living of the population associated with sustained growth from a simple, low-income economy to a modern, high-income economy. Its scope includes the process and policies by which a city improves the economic, political, and social well-being of its people. Understanding the interrelationship between social (live and play) and economic (work and learn) components of a thriving community is vital. Building a balanced economic and social structure is paramount to providing a sustainable, if not high, quality-of-life for residents and the business community, alike.

Economic development is essentially economics on a social level which has evolved into two key roles: policy-making and the administration of policy, programs, and projects. These, in turn, may be categorized into several critical functions: marketing/promotion; investment/incentive programs; policies/procedures; and partnerships/outreach. Each activity performed by the Economic Development Division should enhance the overarching City-wide theme of building a community that is desirable for the corporate and individual citizen, alike. This in turn, creates the correct conditions for economic growth through the retention and recruitment of companies within Winter Garden.

# Office of the City Clerk

### Overview

This office serves as the proceedings management office of the legislative body. As the official Secretary of the elected officials, the City Clerk, is responsible for processing items presented to the City Commission for official action and follow-up. Written summaries (minutes) are prepared by this office of all official proceedings to document all actions taken by the City Commission. In combination with the legislative proceedings, required advertising is prepared and distributed for notifying the public of the proceedings to be considered. The City Clerk is responsible for maintaining the City's Code of Ordinances with distribution of Code supplements. As needed, the City Clerk serves as the liaison between the City Commission and those who need to communicate with the elected officials of the City of Winter Garden.

On a daily basis the City Clerk's office is responsible for records management for the city. The office coordinates and oversees the retention and destruction of all official records. A major part of this program includes providing documentation to other departments, citizens, other governmental agencies, etc. An integrated document management system has been implemented to capture official City documents in electronic format for city-wide access and it facilitates the research of information. This office maintains all records relating to the City owned Cemetery.

The City Clerk's department prepares and records all special assessment liens against property owners for City initiated improvements such as lot clearings and demolitions. Liens are also recorded by this office for fines imposed by the Code Enforcement Board and for significantly overdue utility accounts that include water, sewer and trash services as provided by the City. Additionally, this office processes all inquiries made on properties being sold for outstanding fees that are due to the City.

The Clerk's office is responsible for processing all Senior Utility Assistance Program applications. This requires verification of resident's income status and notification to the Utility Billing Department for those accounts eligible for the monthly subsidy to their account.

The City Clerk is responsible for monitoring all boards and committee memberships relating to resignations, appointments, expiring terms, and financial disclosure filings.

The City Clerk serves as Winter Garden's Supervisor of Municipal Elections that involves establishing the schedule for all municipal elections and coordination of election activities with the Orange County Supervisor of Elections.

### Finance Division

### **Overview**

The Finance Division consists of the Fiscal Management and the Utility Billing departments which, combined, includes 11 full time positions.

The Fiscal Management department provides oversight of the City's fiscal affairs and is responsible for budgeting, accounts receivable, accounts payable, central accounting, payroll, financial reporting, fixed asset management, internal controls, pension administration and the annual external audit. The department is also responsible for cash, debt and investment management and the collection of municipal revenues. The department's mission is to protect the City's assets. We accomplish this by ensuring compliance with all accounting and municipal laws and regulations, and providing efficient administrative services to the City when facilitating City fiscal operations.

The Utility Billing department maintains all financial data for the Water, Wastewater, Garbage, Stormwater, and Irrigation customer accounts in the city. Utility Billing processes over 17,000 utility bills each month, in addition to collecting and recording the related revenue. The key function of this department is Customer Service and Customer Interface, whether we are processing a utility bill or reading the meters at each residence or commercial site.

# Information Technology

### Overview

The Information Technology department is responsible for providing cost effective and innovative information technology leadership and support to City departments and staff by providing installation, maintenance, administration, and management of personal computers, servers, radios, mobile technology, and phone systems. The department runs a help desk for the entire City and is also on call for any needs that may arise regarding the public safety departments. The department recommends and plans for technology changes and also provides or recommends training where needed.

The departmental goal is to implement solutions that allow an employee to do their job easier and to provide excellent customer service to the citizens of Winter Garden. The mission of the Information Technology department is to deliver secure, responsive, high-quality, customer-oriented services and support that foster a productive environment for both City staff and residents of the City of Winter Garden.

# Community Development

### **Overview**

The Community Development Department consists of the Planning and Zoning Division, Building Division, Code Enforcement Division, and Business Tax Services. The department provides for one-stop permitting and a variety of community development services related to use of private property in the City.

The department essential functions are:

<u>Planning and Zoning</u>: Includes zoning, comprehensive planning, development review, impact fee calculations, downtown architectural reviews, transportation planning, addressing, Census, and general planning services

<u>Building</u> (Permitting and Inspection Services) including all building permits reviews along with other trade permits, building inspections and architectural plan review.

<u>Business Tax:</u> Includes processing new business locating in the City as well as annual renewals and business location transfers, processing temporary sale and vendor permits and residential garage sales.

<u>Code Enforcement</u>: Includes zoning compliance for residential and non-residential areas of the City, process violations for compliance and take cases to the Code Enforcement Board.

<u>Boards</u>: Provides staff or support to the following City Boards and Committees: Development Review Committee, Planning and Zoning Board, Code Enforcement Board, Architectural Review and Historic Preservation Board, Community Redevelopment Area and Brownfield Advisory Board (in conjunction with the City Manager and Community Relations office).

# Police Department

### **Overview**

The Police Department is here to protect our citizens and visitors by working with them to prevent crime. Visible patrol with marked police vehicles deters crime and allows citizens to readily locate an officer when they are in need. Dispatching services provide a quick and efficient means to summon police assistance through non-emergency and 911 calling. The Communications Center answered 42,639 non-emergency calls and 16,698 emergency (911) calls during the fiscal year.

Officers attend community and business meetings to exchange information concerning crime trends as well as to identify citizens' needs and answer questions. These programs foster a partnership philosophy toward creating safe communities. Patrol Officers jointly attended 79 of the 239 community meetings that the Crime Prevention Officers attended to promote department wide relationship building with citizen groups to address quality of life issues. Fifty-one crime prevention specific events were held this year and the Police Department sponsored Winter Garden's second annual National Night Out crime prevention event in cooperation with Target stores and the Winter Garden Village mall. The Police Department's programs are designed for close interaction with our citizens to strengthen partnerships between citizens and their police. Through these close interactions and community focus, the police strive to create a safe community to work, live and play in by policing and problem solving with our citizens in our community.

Traffic enforcement activities through the deployment of specially trained officers were targeted at maintaining safe roadways for citizens and visitors. The activities of these Traffic Enforcement Officers included educational programs related to DUI and other traffic safety issues. Also, pedestrian safety education and enforcement programs are conducted by the Traffic Enforcement unit. Aggressive driving enforcement operations, numbering 728, were conducted throughout the city targeting driver behaviors that are aggressive in nature, potentially leading to crashes. Eleven community meetings were attended by traffic enforcement officers specifically focusing on traffic issues in the communities. A traffic enforcement unit was created with a designated supervisor and the traffic officers were placed together under this supervisor. The creation of the traffic

enforcement unit allows for improved identification of traffic issues and consistent efforts to address those issues as a team.

Specially trained officers are assigned to the Criminal Investigations unit to conduct follow-up work on unsolved reported crimes to identify and apprehend offenders. Six hundred forty-three criminal cases were assigned to Detectives for follow up investigation in which 67% were cleared either by arrest, charges being filed or prosecution not being desired by the victim. Two enforcement events were conducted targeting under aged alcohol sales and 10 enforcement events were targeted at prostitution within the city.

# Fire Rescue Department

### **Overview**

The Winter Garden Fire Rescue Department operates out of three fire stations, outfitted with state of the art vehicles and equipment strategically located throughout the City to provide an exceptional level of service. The department consists of 47 personnel. All of Winter Garden's Firefighters are certified to meet the professional Firefighter qualifications for the State of Florida and are medically trained as either Emergency Medical Technicians or Paramedics.

Fire/Rescue personnel respond to emergencies with two BLS (Basic Life Support) engines, one BLS tower (aerial) truck, and an ALS (Advanced Life Support) Medic unit. The department has two reserve BLS engines, a reserve ALS medic unit, and a woods truck. In 2009, these units responded to over 3,900 alarms which generally included fires, medical calls, hazardous material calls, vehicle accidents, and other calls for assistance.

The Fire/Rescue Department provides joint response services with the Orange County Fire Rescue Division and the City of Ocoee Fire Department. The department utilizes a 2-tier rescue system, in which medical patients are treated by the fire department until the arrival of an ambulance from Health Central Paramedic Service, at which time the Winter Garden Fire/Rescue Department transfers patient care to Health Central. Health Central then transports the patients to the hospital.

### **Public Services**

### **Overview**

The Public Services Department is made up of several Operations and Maintenance Divisions providing a variety of services to the citizens of Winter Garden as well as the business community. These divisions are: Water Treatment, Wastewater Treatment, Water/Reclaimed Water Distribution, Wastewater/Stormwater Collection, Streets Maintenance, Solid Waste, Environmental Services, Engineering, Cemetery and Administration of these divisions.

The Department's activities include day-to-day maintenance and operations related to city services, as well as short and long range planning of capital improvements to the City's infrastructure, consisting of roadways, drainage systems, water and sewer systems and water supplies.

The Public Services staff works closely with citizens, business owners, developers and contractors to address their concerns in a timely and efficient manner.

The Public Services Management acts as the City's liaison to State and Federal Environmental Regulatory Agencies.

### **Human Resources**

### **Overview**

The Human Resources and Risk Management Department is charged with recruiting and retaining highly qualified and diverse organizational teams by providing exceptional benefits and a challenging work environment. In order to support the success of those teams, the Department continually encourages individual training and educational opportunities that will increase career satisfaction and performance. Additionally, the Department provides internal services in order to create a streamlined process between work units.

### Facilities Maintenance

### Overview

The Facilities Management Department designs, constructs, repairs and maintains city facilities. This department is accountable for the maintenance and operational condition of 153 buildings totaling 320,493 square feet.

The department responsibilities includes certain design and implementation of capital improvements and assistance with certain capital projects, energy management and utilization analysis, the City's Green Initiative program, electrical, plumbing, HVAC systems, fire systems, elevators and overall janitorial cleaning services to these facilities. Our team consists of professional Carpenters, Plumbers, Electricians, Painters and HVAC Technicians.

# Fleet Services Division

### **Overview**

The Fleet Services Division of the Human Resources Department provides preventive maintenance, major overhauls and general repairs for over 300 pieces of light, medium and heavy equipment. Ranging from the care of public safety vehicles such as police and fire vehicles all the way to small landscaping equipment the division has staff on-call around the clock to ensure that the City's departments and its employees remain mobile 365 days a year.

The City of Winter Garden currently has on staff ASE (National Institute for Automotive Service Excellence) technicians and EVT (Emergency Vehicle Technician Certification Commission) technicians with Master Auto / Truck & Fire Truck certifications. This level of certification ensures that the citizen's can maintain the confidence that City staff will be available to respond to all their needs including public safety, street cleaning, garbage pick-up and all other city services.

### Parks and Recreation

### Overview

The Parks and Recreation Department consists of four unique divisions that serve the community in a variety of roles and functions.

The Parks Division consists of 10 staff members that take care of over 126 acres of landscaping, athletic courts, playgrounds, athletic fields and other recreation facilities and equipment.

The Recreation Division consists of 5 ½ full time employees and over 60 part-time and contractual staff that program and lead a wide variety of recreational programs including youth camps, aquatics programs, instructional classes, athletic leagues, and senior citizen programs.

The Special Event Division budget does not have personnel dedicated to this function, but it provides the funding necessary to host six major community events as well as the Friday night concert series and other smaller functions.

The Facilities Division includes 1 ½ positions that rent and maintain the various rental properties owned and operated by the city.

#### **ENTERPRISE FUNDS**

Enterprise Funds are types of funds used for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the cost of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges; or operations where the governing body has decided that income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Following is a list of the City of Winter Garden's Enterprise Funds:

Utilities Fund Stormwater Fund Solid Waste Fund Trailer City Fund

#### **GLOSSARY OF TERMS**

#### **GLOSSARY**

**AD VALOREM TAX**: A tax levied on the assessed value of real and personal property (also known as "property tax").

**ADOPTED BUDGET**: The proposed budget as formally approved by the City Commission.

**AGENCY FUND**: A type of fund used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

**APPROPRIATION**: A specific amount of money set apart by the City Commission for the purchase of goods and services.

**ASSESSED PROPERTY VALUE**: A valuation set upon real estate or personal property by the County Property Appraiser as a basis for levying taxes.

**BALANCED BUDGET**: A budget in which budgeted revenues equal budgeted expenditures/expenses.

**BOND**: A written promise to pay a specified sum of money (face value or principal), at a specified date in the future (maturity date), together with interest at a specified rate.

**BUDGET**: A fiscal plan of programs, services, and construction projects expected to be carried out, funded within available revenues, and designated within a specific period of time, usually 12 months.

**CAPITAL EQUIPMENT**: Equipment with a value in excess of \$750 and an expected life of more than two years such as automobiles, computers, and furniture.

**CAPITAL IMPROVEMENT**: A physical asset, constructed or purchased, that has a minimum useful life of three years.

**CAPITAL IMPROVEMENT BUDGET**: A budget including those approved capital improvement projects contained in the first year of the five-year Capital Improvement Program.

**CAPITAL IMPROVEMENTS ELEMENT**: That portion of the Capital Improvement Program which is necessary to meet the requirements of the Growth Management Act.

**CAPITAL IMPROVEMENT PROGRAM (CIP)**: A comprehensive long-range schedule of approved capital improvements indicating priority in terms of need and ability to finance. The program covers a five-year period, the first year of which is adopted as the Capital Improvement Budget.

**CONTINGENCY**: Money that has been set aside to cover unplanned expenditures.

**DEBT SERVICE**: The payment of principal and interest on borrowed funds.

**DEBT SERVICE FUND**: Used to account for the accumulation of resources for, and the payment of, debt service.

**DEPARTMENT**: An organizational unit responsible for carrying out a major governmental function, such as Police or Public Works.

**ENTERPRISE FUND**: A type of fund used to account for operations that are financed and operated in a manner similar to private business enterprises; i.e., where charges for services are intended to cover the cost of providing the service.

**EXPENDITURE**: Transactions and events that decrease the amount of net spendable resources in a governmental fund.

**FIDUCIARY FUND**: A type of fund in which the government acts as a trustee or agent on behalf of another party. An example is pension funds.

**FISCAL YEAR (FY)**: Any consecutive 12-month period designated as a budget year. The City's budget year begins October 1, and ends September 30 of the following calendar year.

**FRANCHISE FEE**: A fee paid by public service businesses for use of City streets, rights-of-way, and property in providing their services. Services requiring franchises include electric, telephone, natural gas, water, cable television, and roll-off service.

**FUND**: An accounting structure which isolates specific revenues and appropriations for a designated purpose, such as the General Fund or the Capital Project Fund.

**FUND BALANCE:** The excess of assets over liabilities. A positive ending fund balance from one fiscal year can be utilized as a resource for the following year's activities. A negative fund balance is sometimes referred to as a deficit.

**GENERAL FUND**: The general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

**GRANT**: Contributions of cash or other assets to be used for a specified purpose, activity, or facility. Grants may be classified as either categorical or block, depending on the amount of discretion allowed the grantee.

**IMPACT FEE**: A charge for infrastructure improvements that must be provided to the local government.

INTERFUND TRANSFER: Payment from one fund to another fund primarily for services provided.

**INTERGOVERNMENTAL REVENUE**: Revenue from other governments in the form of grants, entitlements, shared revenues, or payments in lieu of taxes.

**LOCAL OPTION**: Voted by local referendum, e.g., Local Option Sales Tax.

**MILL**: A value equal to \$.001 or \$1.00 per \$1,000. The mill is used to determine property taxes by multiplying the mill rate times the assessed property value.

**MILLAGE RATE**: The rate established each year by City Commission action which is used in the calculation of property taxes.

**MISSION STATEMENT**: This statement establishes the basis for the goals of the department by describing in broad terms what the department intends to accomplish during the budget year.

**MODIFIED ACCRUAL ACCOUNTING**: A basis of accounting in which revenues are recorded when collectable within the current period, and expenditures are recognized when the related liability is incurred.

**NON-OPERATING EXPENDITURE**: The cost of government services not directly attributable to a specific City program or operation, i.e., debt service obligations and contributions to human service organizations.

**NON-OPERATING REVENUE**: The income received by the government not directly attributable to providing a service, e.g., interest on cash in banks or investments.

**OPERATING BUDGET:** A financial plan which presents proposed expenditures for the fiscal year and estimates of revenue to finance them.

**OPERATING EXPENSES**: Expenses which are directly related to service activities.

**OPERATING REVENUES**: Revenues which are directly related to service activities, e.g., user charges, fees, or taxes.
